MEET OUR LEARNING PLATFORMS

P1 - P3
Seesaw

P4 -P7
Google Classroom

LEARNING PORTFOLIO

Seesaw is a way for teachers to connect, create and share a learning portfolio with young learners and their families.

TEACHER/FAMILY DRIVEN

The class teacher is responsible for posting to Seesaw. The portfolio can be viewed by the learner's family using the app. The adults lead the use of the platform at home.

CREATION TOOLS: PHOTOS/VIDEOS ETC.

Seesaw is designed for sharing and uploading videos, links. photos and voice notes as a way of creating a portfolio to be shared with, and celebrated at home.

DIRECT MESSAGING

Seesaw is equipped with a direct messaging function for families with younger learners who require this function.

CLASSROOM MANAGEMENT

Google Classroom is a learning tool designed to be used in schools. It provides a platform for our older learners to collaborate, learn and hand-in assignments.

TEACHER/ LEARNER DRIVEN

Class teachers provide materials, share learning resources, create assignments and provide feedback directly with the learner. The learner leads the use of the platform at home.

LEARNERS SEE MATERIAL AND SUBMIT WORK

Google Classroom is designed to create independence in learners and provides them with access to the GSuite tools.

GUARDIAN SUMMARIES

Guardian summaries provides a weekly summary of the learner's key learning focus (within the digital classroom) to their family to supported engagement, extension and celebration of learning.
